

# 4<sup>th</sup> EDITION OF INTERNATIONAL CONFERENCE PLANT PRODUCTIVITY AND FOOD SAFETY:

Microbiology, Soil Science, Food Quality and Agricultural Genetics

26-27 September 2024

FREE OF CHARGE/HYBRID SYSTEM

## FOUR THEMATIC SESSIONS

I. Plant-Microorganisms  
Interactions in Agriculture  
and Ecosystem  
Management

**Sascha Patz**  
Product Manager  
Metagenomics, Computomics  
GmbH, Germany

II. Plant Metabolism  
and Signalling

**Giovanni Stefano**  
Assistant Professor,  
Department of Biology,  
University of Florence, Italy

III. Soil Threats and  
Security

**Remigio Paradelo Núñez**  
Associate Professor,  
University of Santiago de  
Compostela, Spain

IV. The Global Problem of  
Salinity - an Interdisciplinary  
Approach

**Kate Negacz**  
Assistant Professor,  
Vrije Universiteit  
Amsterdam, Netherlands

**Keynote Lecturer**  
Stéphane Compant

Assos. Prof. Senior scientist at AIT Austrian Institute of Technology, Austria

**Ian Dodd**  
Professor,  
Lancaster Environment  
Centre, Lancaster  
University, UK

### Venue:

Faculty of Biological and Veterinary Sciences  
Faculty of Earth Sciences and Spatial Management  
Nicolaus Copernicus University,  
Lwowska 1 Street, The R. Galon Auditorium, room 104
